Just a little water
Changed my very soul
With just a little water
You have gained control

It was just a little water
Changed my very life
Just a little water
You are my wife

Just a little water
Changed my very way
Just a little water
Changed me that day

It was just a little water
Changed my very soul
Just a little water
Now it's me you own

Just a little water
Just a little water
Just a little water

Just a little water
Just a little water
Just a little water

Don't look down
Just a little water
