Blinding - Lights across the sky
Fighting - as your about to die
Women & fighting, thunder & lightning
Armed to the teeth go to war
Hatred & Passion, the latest fashion
Let's See how far you can go

Messages Of War

Face to face in torture
Join the midnight race
Eye to eye in darkness
The Blind leading the chase

Bleeding - The caress of steel
Feeding - Beg borrow and steal
Famine or fortune, raio's in tune
The songs remaining the same
Never forever, never or ever
Your Holding Nightmares the same
