We're so Vain  
You and me both  
Lost in the Dusty Rain  
Of our Narcotic Love

Every night our bodies die  
Our soul lies down drunk  
And as the morning shines  
Guilt and regret returns

Your Love got me confused  
You Blackened river of Abuse  
I don't have the strength to refuse  
Your bleeding charms and snares

We're so Vain  
Me and You both  
Lost in the Dusty Rain  
Of our Narcotic Love

Every night our bodies die  
Our soul lies down drunk  
And as the morning shines  
Guilt and regret returns
