So where does it end
Heartbeats fast, your senses reeling
You just want to fight
Calm yourself, you're being unreasoned

Go, find a place
To let it all out
Count from 1 to 10
Start over again

You're out of your mind
Fuses blown, you're not receiving
Deny it again, damn your pride
You're being unreasoned

Go, find a place
To let it all out
Count from 1 to 10
Start over again

For several times
I'm tired and it tries my patience
For several times
I'm tired and it tries my patience
For several times
I'm tired and it tries my patience
For several times
I'm tired and it tries my patience
Tries my patience
