don't stone me, condone me  
i can set you free  
you seem to be the judge & jury  
you'd hang me from a tree in my body in my mind  
it's all the time it's all the time  
i'm a lover what's the crime  
it's all the time it's all the time

open your heart and mind  
let your sweetness flow

feel your dark desire  
my sugar is sweet  
sweet breath of fire  
you go down down  
the flesh is weak

can't beat me or defeat me  
i'm standing on a strong leg  
you can tell the stars your secret  
i just wanna hear you beg  
all my love is colorblind  
it's all the time it's all the time  
don't you freak out when you find  
it's all the time it's all the time  
swim in my ocean i'll melt you down  
like candles made of ice

feel your dark desire  
my sugar is sweet  
sweet breath of fire  
you go down down  
the flesh is weak

feeling like a child of nine  
it's all the time it's all the time  
don't you freak out when you find  
it's all the time  
even though i laugh & cry  
it's all the time it's all the time  
i'm a lover what's the crime

it's all the time it's all the time

it's my source of inspiration
