Disappointment cuts me like a knife
But I won't be afraid, oh, no
Strange operations happen all around
The audience escapes unscathed

You are my fortress in the storm
I will cling to You like a sailor lost in the wind
It's all about turns, turn about face
It's all about knowing more of Your grace
I know now, You are my sure thing

You know my heart, You know my soul
You know my comings and goings, You know it all
And I adore You

There are questions, there's no doubt
I trust You and that matters now
I, oh, I adore You, yeah

To the prisoner inside this mind of mine You know
I only know so much
Still You and You alone have shown
The lighthouse glow that leads me home again
And You are my sure thing

You know my heart, You know my soul
You know my comings and goings, You know it all
And I adore You

There are questions, there's no doubt
I trust You and that matters now
I, oh, I adore You, yeah

I will wait for You
Every moment of this life
Journey closer to be refined

I will trust in You
Far beyond this line of sight
Journey closer to be my guide

You know my heart, You know my soul

You know my comings and goings, You know it all
And I adore You

There are questions, there's no doubt
I trust You and that matters now
I, oh, I adore You

You know my heart, You know my soul
You know my comings and goings, You know it all
And I adore You

There are questions, there's no doubt
I trust You and that matters now
I, oh, I adore You

You know my heart, You know my soul
You know my comings and goings, You know it all
I adore You

There are questions, there's no doubt
I trust You and that matters now
