It's You that I've been looking for
In worn out faces
Behind closed doors
It's You
I've been looking for
It's You that I've been trying to reach
I spent my money on beautiful things
But it's You
I've been looking for
Where You are
Where I've been
So very close and yet so far between
All you are
All I've seen
You're all I ever really wanted
If I knew it or not
I've been looking for
You that I've been trying to find
Studied hard to gain knowledge of all kinds
But it's You
I've been looking for
You, You've been there
Holding the signs
Me, I've been standing here
Waiting in frozen lines
It's true
We're all looking for You
Thinking about the circles
And a series of half truths
Thinking about the paths taken
Trying to find You
Seeing through the lies
Recognizing the disguise
I'm gonna run for my life
