Loud piercing screams of nuclear warhead,
Soaring towards enemy territory,
Explosions heard from a distance,
Buildings blown into ashes and dust!

Intolerant violence,
Panzers triumphantly raze through the battle,
Infernal relinquishment,
Set ablaze all that stands in the way

We are the Firestorm of hate,
The weak and worthless We shall decimate,
Explosives I shall detonate,
Death is your only fate!

Iron strikes into flesh of adversarial,
Leave nothing but trails of blood behind,
Behold the bodies piled up in masses,
Glorious domination is ours to proclaim!
