All alone in the cold-hearted night
I was fading fast
You came to me in a whole new way
And it came to pass

I can't believe You opened up the way
With tears now I ask

Don't let go of my heart
Don't ever leave me here too long in isolation
Don't let go of my heart
I do believe You're here to offer consolation

There were signs all along the road
And throughout my life
Gentle reminders of the way I should go
And You were by my side

Oh, let me see what I long to behold
Open my eyes

Don't let go of my heart
Don't ever leave me here too long in isolation
Don't let go of my heart
I do believe You're here securing my salvation

The dawn of light is nearing
The night is disappearing
I'm looking through the clearing
Waiting to embrace You

Don't let go of my heart
For You are with me here, I know You'll leave me never
Don't let go of my heart
You are my guiding light forever and forever

Don't let go of my heart
For You are with me here, I know You'll leave me never
Don't let go of my heart
You are my guiding light forever and forever

Don't let go of my heart

Don't ever leave me here too long in isolation
Don't let go of my heart
I do believe You're here securing my salvation
