"Wild Heart"

Somewhere in that empty stare there is a look of love.
Behind that suit of angry armor there is a gentle dove.
Between the lies and alibis there's an honesty that's
Warm and bold,
Under that cold shoulder there's a heart of gold.

Cause where there's a life there's a sacrifice.
Where there's a rule broken
There's an innocent man who paid the price.
Where there's a hell there's a paradise
Waiting to break through
Wild heart, something's changing you,
Oh what love can do.

Breaking hearts and jumping fences, it ain't nothing
New.
But now your world's in a million pieces and the pain's
Been teaching you
That throwing stones at burning bridges will never put
Out the flame, oh no.
Instead of taking what He's offering, you're taking the
Blame.

Cause where there's a life there's a sacrifice.
Where there's a rule broken
There's an innocent man who paid the price.
Where there's a hell there's a paradise
Waiting to break through
Wild heart, something's changing you,
Oh what love can do.

Deep inside fragile fears remain unspoken,
And beckon your soul afire.
You can't hide He'll work until that seal is broken,
And give you your heart's desire.
Cause where there's a life there's a sacrifice.
Where there's a rule broken
There's an innocent man who paid the price.
Where there's a hell there's a paradise
Waiting to break through

Wild heart, something's changing you,
Oh what love can do.
