Don't be deceived, when my face gets older  
And don't be deceived, when my bones move slower  
You got to believe, this heart will beat for you  
And though it might get weak,  
It's true, It's true

My love, My love, My love

And I won't be deceived,  
If the color in your eye's fades to grey  
And I won't be deceived,  
If you ever loose the words to speak or to say  
You got to believe,  
We were made for this love, this love  
And thought we might get weak,  
I know it will be enough  
It has to be enough

My love, my love, my love, oh my love

Don't you ever go away  
Oh tell me you'll stay  
Why don't' you stay, stay, stay, stay  
Oh God I need her to stay  
I need her to stay, stay, stay,  
I need her to stay, stay, stay, stay

All we have is this life love  
You know it's more than enough  
We'll be more enough  
Can you hear it?  
Can you hear the music hiding in our hearts?  
Can you hear the music hiding in our hearts?  
Can you heart it now love?

I want you stay, stay, stay, stay  
I want you stay, stay, stay, stay  
Oh God I wan her to stay
