Faster than a shooting star
Baby you stole my heart
I never want it back
I never thought it'd be like this
So surprised by your kiss
I didn't have time to react

Believing in us
Feels so dangerous
When you're lost, lost, lost in love
You never wanna find your way out
When you're lost, lost, lost in love
You never want to be
You never want to be found, found

I feel so strange because of you
I have everything to lose
I wouldn't have it any other way
If this turns out to be a dream
Please don't wake me
I don't want to leave this place

Believing in us
Feels so dangerous
When you're lost, lost, lost in love
You never wanna find your way out
When you're lost, lost, lost in love
You never want to be
You never want to be found, found

What a lovely mystery
All the ways two hearts can meet
We were made to collide
You and I, you and I are lost
Baby we're lost

When you're lost, lost, lost in love
You never wanna find your way out
When you're lost, lost, lost in love
You never want to be
You never want to be found, found

What a lovely mystery
Come on get lost with me
What a lovely mystery
Come on get lost with me
Get lost with me...
Get lost with me...
Get lost with me...
