Beautiful have some faith
Everything will be okay
Let's let our fears fall down
As lightning strikes all around
You and I dance in the rain

It feels good to know you
And I pray to God that I might show you
A love that's so real
You could feel it
Deep inside your soul
I'll never let you go

Sleep my beauty
And dream for a while
And then I'll kiss you
And wake you with a smile

You're like a ship on the ocean
Poetry in motion
I love the way you move
Cuz you move me with every little thing you say and do
So why don't you stay a while here a while
Forever's not long enough
We both know that
But Let your fear down and dry your tears now and fall
back

Sleep my beauty
And dream for a while
And then I'll kiss you
And wake you with a smile

Sleep my beauty
And dream for a while
And then I'll kiss you
And wake you with a smile

Smile I'll show you love that's real
Feel it in you're soul
I'll never let you go

Sleep my beauty
And dream for a while
And then I'll kiss you
And wake you with a smile

Sleep my beauty
And dream for a while
And I'll kiss you with a smile
