The cold wind blows and it feels so warm
The sun always shines when I'm in your arms
Little things we have are laced with gold
We ain't got much but we've got it all

And all I do
Just take it all in stride
Just me and you
On the ride of our life

Ain't life something
When your heart is beating for two
The best part of livin is lovin
And the best part of lovin is you

Way back when I was down in love
Got rain when I prayed for luck
Now every day is a brand new dream
Blue skies as far as I can see

Ain't life something
When your heart is beating for two
The best part of livin is lovin
And the best part of lovin is you
Money don't mean nothing
If there's no one to hold on to
The best part of livin is lovin
And the best part of lovin is you

Who loves you yea yea yea
Yea yea yea
Yea yea yea

Ain't life something
When your heart is beating for two
The best part of livin is lovin
And the best part of lovin is you
Money don't mean nothing
If there's no one to hold on to
The best part of livin is lovin
And the best part of lovin is you

The best part of livin is lovin
And the best part of lovin is you
