Going for broke  
There's nothing around here to make me stay  
Going for broke  
Who'd be a loser and play it safe?  
Roll the dice - spin the wheel  
I'm gonna take a chance tonight  
I'm gonna make a deal  
Going for broke  
This is the moment to shoot the moon  
Going for broke  
I haven't got the time to waste on you  
Roll the dice - spin the wheel  
I'm gonna take a chance tonight  
I'm gonna make a deal  
Nothing to lose  
Making my move  
Nobody's gonna use me  
Going for broke  
There's something here inside me that won't lie down  
Going for broke  
There's nothing to tie me to this man's town  
Going for broke  
One of these days you're gonna see my face  
Going for broke  
One of these days you're gonna know my name
