Everything that I am
Thought I made with my own two hands
Had no help, caught no breaks
Have only myself to thank
Looking back at my young and foolish heart
Why did I keep us apart?
Feel this cold empty shell
Lord, save me from myself
I need you, I need you
I need you for real success
I need you for my next breath
Oh lord, I need you. Yes I do.
Oh, Lord, be my guide
Give real meaning to my life
Lead my steps, change my ways
Put your purpose in this place
Unto the hills of heaven will I lift my eyes
For you are my helpful saviour
Hear my cry
(Oh, I need you, got to have you Lord)
(Lord I lift my eyes to you)
(Lord I need you)
(Hear my cry)
(I need you)
