Picture This
And we're walking in the sand
Picture This
Arm in arm hand in hand
A vision of perfection
You're love for my affection
You'll know what true love really is
Picture This

Picture This
And we're walking down the aisle
Picture This
Bringing home our first child
Livin' life together
Startin' our adventure
Forever till the end of time
Picture This

Picture This
And we're rocking on the porch
Picture This
Who could ask for any more
Fifty years together
Of sun and stormy weather
But somehow we withered the storm
Picture This

Picture This
And we're walking in the sand
Picture This
Arm in arm hand in hand
A vision of perfection
You're love for my affection
You'll know what true love really is
