Beautiful have some faith  
Everything will be okay  
Let's let our fears fall down  
As lightning strikes all around  
You and I dance in the rain

It feels good to know you  
And I pray to God that I might show you  
A love that's so real  
You could feel it  
Deep inside your soul  
I'll never let you go

Sleep my beauty  
And dream for a while  
And then I'll kiss you  
And wake you with a smile

You're like a ship on the ocean  
Poetry in motion  
I love the way you move  
Cuz you move me with every little thing you say and do  
So why don't you stay a while here a while  
Forever's not long enough  
We both know that  
But Let your fear down and dry your tears now and fall  
back

Sleep my beauty  
And dream for a while  
And then I'll kiss you  
And wake you with a smile

Sleep my beauty  
And dream for a while  
And then I'll kiss you  
And wake you with a smile

Smile I'll show you love that's real  
Feel it in you're soul  
I'll never let you go

Sleep my beauty  
And dream for a while  
And then I'll kiss you  
And wake you with a smile

Sleep my beauty  
And dream for a while  
And I'll kiss you with a smile
