Don't stand again
Don't stand again
And I thought maybe we can save ourselves
And I thought maybe we can save ourselves

Don't stand again
Don't stand again
I thought maybe we can save ourselves
And I thought maybe we can save ourselves

Don't stand again
Don't stand again
I thought maybe we can save ourselves
And I thought maybe we can save ourselves
And I thought maybe we can save ourselves
But they shut us down

I thought maybe we can save ourselves
And I thought maybe we can save ourselves
And I thought maybe we can save ourselves
But they shut us down
They shut us down they shut us down the y shut us
down
I thought maybe we can save ourselves and I thought
maybe we can save
Ourselves
And I thought maybe we can save ourselves

And I thought maybe we can save ourselves
