I'm gonna get you
I'm really gonna get you

*I'm gonna get you
Be my boy
I'm gonna get you
And I'll give you joy
We're gonna play the game my boy
And you'll be the toy

I'm gonna get you
I'm really gonna get you*

(Boy toy)

*~*Repeat

**I want to have you by my side
I want to have you and I'll treat you right
We're gonna play the game my boy
And you'll be the toy

I'm gonna get you
I'm really gonna get you**

You make me hot I let you grow
And when you stand I let you flow
I touch you soft you give me joy
I need you so my little boy

(I need you so my little boy)

I hope that you will understand
When you need a helping hand
I'll be there until the end
I need you so my little friend

(Oh yeah)

*~*Repeat

~Repeat

I make you hot I let you grow
And when you stand I let you flow
I touch you soft you give me joy
I need you so my little boy

I'm gonna get you
I'm really gonna get you

(Boy toy)
(Oh yeah)
