Crowd's moved on, everybody's gone  
Bb6 c (cmaj7)  
It's morning

F g  
Sun's arising on the wet horizon  
C (cmaj7) am  
Another day is here  
C (cmaj7) c (cmaj7) am  
As I dream alone by the silent phone  
Bb6 c (cmaj7)  
It's morning

Bb(bb6)vi c(viii) bb(bb6)(vi) c(cmaj7)  
Lone-----some morning reverie  
Dm g c (cmaj7)  
All the life's gone out of me

Coffee's cold, paper's old  
It's morning  
Head's on fire, oh lord I'm tried  
It's morning

Waiting for another day to live and die away  
Try not to fret, try to forget  
That it's morning

Lonesome morning reverie  
All the life's gone out of me

Drinks are done, daylight's come  
It's morning, morning, morning /pre>
