Pre>intro: c f c

C

I've found my freedom

F c

Her and I been flying down that highway of gold

F c f c

My shirtsleeves are rolled, my colt 45 is cold.

Am g

I go fast, till I'm going faster.

F c

Look how far we've come, look how far

G c

A car, a car, my kingdom for a car

How I love the highway

Picks me up and takes me wherever I please

I race through the trees bring space to her knees

I am master of all that's flying past me.

Look how far we've come, look how far

A car, a car, my kingdom for a car

Look how far we've come, look how far

A car, a car, my kingdom for a car

Take me to tomorrow

Let me go on racing with the wind in my hair

There's smoke in the air but I do not care

If you want me, you will have to pass me

Look how far we've come, look how far.

A car, a car, my kingdom for a car

Come to me baby,

We will leave this town it was not made for a man

We'll find a new land, but the traffic is jammed

I went far but it's a time for walking

Look how far we've come, look how far.

A car, a car, my kingdom for a car

A car, a car, my kingdom for a car  
A car, a car, my kingdom for a car
