Pre>d g d

Lost in the valley of vaults/dolls/oz(?)

G d g d

Fell from the path, it was nobody's fault

Bm a

That I was alone.

D g d

Time dripped from the trees

G - d

Left through the nail (I leapt through a lamp/land/lap(?)

(?)

G d g a

I fell to my knees before the throne

Bm g bm

And the crown was covered jewels, sparkling schools

A

The beautiful faun/falls/(?)

G a

The magnificent battle was fought

Bm g a

And cinderella's soldier fish was caught

Bm a

And the lady from the lake

Bm a

Who helped me to escape

G em a

Led me to myself at last

Em a bm /a/d

Though I danced with the dolls in the doll house

G d g d

The flower fled from my feet,

G d g d

Tom sawyer voice through the hole of the key,

Bm a

Landed so gently.

D g d

Castles cover the cave,

G d g d

I had no choice, the visions were brave

Bm a

And the phantoms were friendly,

Bm g
And pirate jenny was dancing for pennies,
Bm a
The knucklebones tossed in a spin,
G a
There were silver songs on her skin.
Bm g a
And she wasn't caring when the ship came in.

And the lady from the lake
Helped me to escape
Led me to myself at last,
Though I danced with the dolls in the doll house
D g d
My costume dropped to the floor,
G d g d
Naked at last, I couldn't fight any-more,
Bm a
And the service was rendered.
D g d g d
A poem fell from the wine, buried the past.
G d bm a
The future was mine and the present sur-rendered.
Bm g
And the ballet master is beckoning faster,
Bm a g a
The ballerina was posed, in the fragile beauty we froze.
Bm g a
Let go, let go, let go, let go, let go.
And the lady from the lake
Who helped me to escape
Left me with myself at last
Though I danced with the doll in the doll house
