D g d cccggg

Don't you think it's time that we were leaving?

D g d cccggg

For another chance, another place to start

G f#m

Desperate ones that went across the ocean

A d

And they wondered how it would all turn out.

G a d

If you have to beg or steal or borrow

C d c d

Welcome to los angeles, city of tomorrow

They landed on the coldest of the colonies

But still they wanted better than the rich

They built highways on the houses of the homesteads

It happened that way moving west.

If you have to beg or steal or borrow

Welcome to los angeles, city of tomorrow

So this is where the renaissance has led to

And we will be the only ones to know

So take a drive and breathe the air of ashes

That is, if you need a place to go

If you have to beg or steal or borrow

Welcome to los angeles, city of tomorrow

City of tomorrow, city of tomorrow
