Sit down, girl, and take a moment. Talk to me.
If I tell you how I feel don't walk away.
The smallest things you do mean quite a lot to me.
Right here in my arms is where you'll stay.

This is the kinda love that's meant to last forever.
Running my fingers through you hair, do you
remember?
Don't ever lie to me.
Girl, you're in love with me.

I'm in love with you. (I'm in love with)
I-I'm in love with you. (I'm in love with)
I-I'm in love with you. (I'm in love with)
I-I'm in love with you.

Dil mein mera tera ho raha. Ho jaane jaana.
Naa main jaanu yeh kya ho raha. Na hai tikhana.
Halka sa yeh tera hai nasha jo hum pe chaaya.
Lagta hai main tera ho gaya.

Jab se tumhe maine dekha, jaana.
Dhoond raha hoon main koye bahana.
Kaise mile hum tumhe?
Kaise kahein tujh se?

I'm in love with you. (I'm in love with)
I-I'm in love with you. (I'm in love with)
I-I'm in love with you. (I'm in love with)
I-I'm in love with you.

Der naa tu kar. Aa bhi jaana.
Pyaar mein kabhi dil naa dukhana.
Keh raha hai yeh tumse deewana.
Chod naa mera saath.

This is the kinda love that's meant to last forever.
Running my fingers through you hair, do you
remember?
Don't ever lie to me.
Girl, you're in love with me.

I'm in love with you. (I'm in love with)
I-I'm in love with you. (I'm in love with)
I-I'm in love with you. (I'm in love with)
I-I'm in love with you.

I'm in love with you. (I'm in love with)
I-I'm in love with you. (I'm in love with)
I-I'm in love with you. (I'm in love with)
I-I'm in love with you.

Sexy, you're the one to show me
Everything I need, and now I'll never be lonely.
Never want to take that on before me.
You can be my baby.
You can be my baby.
Ohhhh.

I'm in love with you. (I'm in love with)
I-I'm in love with you. (I'm in love with)
I-I'm in love with you. (I'm in love with)
I-I'm in love with you.

I'm in love with you. (I'm in love with)
I-I'm in love with you. (I'm in love with)
I-I'm in love with you.
I'm in love with you-you.
I'm in love with you-you-you-you-you.
You.
