Today is just another day  
For me I see now  
Just like other days in my life  
They seem like a breeze  
Flowing over death  
Creeping slowly over my body  
For the last day that I see

Just to let you know  
I never wanna laughs again  
The last time I had never shared  
Just to let you know  
I never wanna cry again  
The tears I dried weren't I seen in the rain  
That we are in

Today will be my last day  
But why worry  
Belief is the land I'm travelling to  
I'll leave with a smile  
To show I don't blame you  
Creeping slowly out of my body

Today's the last day that I'll see  
Just to let you know

I never wanna love again  
The love I gave was just a nothing  
Just to let you know  
I never wanna feel again  
The feelings I had never touched anyone  
Creeping slowly out of my body  
Today's the last day that I'll see  
Just to let you know

Just to let you know  
I never wanna love again  
The love I gave was just a nothing  
Just to let you know  
I never wanna cry again  
The tears I cried weren't seen in the rain  
That we are in
