When you see a big injustice
Will you disobey the laws?
Will you fight for any army
And turn your fingernails to claws?

And try a little vengeance
Try because
Contemplation won't ever
Turn your fingernails to claws

Fingernails to claws
Fingernails to claws

I know you see a peaceful vision
And though you understand that cause
When the enemy won't listen
Turn your fingernails to claws

I've been on the wrong side
I've been bad
I've been careful finding ways out
Every chance I had

Fingernails to claws
Fingernails to claws
Fingernails to claws
Fingernails to claws

Act with all your passion
Find the beauty in the cause
Find the strength and volition
To turn your fingernails to claws

When rational is hopeless
And constructive thought is lost
Empathy is pointless
Turn your fingernails to claws

Fingernails to claws
Fingernails to claws
Fingernails to claws
Fingernails to claws

Fingernails to claws
Fingernails to claws
Fingernails to claws
Fingernails to claws

Fingernails to claws
Fingernails to claws
Fingernails to claws
Fingernails to claws
