In my dream  
You were stronger than ever  
Built ten feet tall  
And tougher than the Stacey's leather

And in this dream you were stronger than real life  
And in this dream you turned him down against me  
When the wheel cogs choked to kick up blood  
And spit out everything you ever wanted

Baby leave that man  
Turn him down  
Leave that man

But some cold nights  
Are colder than others  
And you can lose your small body  
In the hot skin of another

Oh this lifeboats leaving soon, girl  
When I say I'm gone, I'm gone and I mean forever, yes  
I know  
And when the spirit of temptation comes to take you,  
girl  
I know it's never easy

Baby leave that man  
Turn him down  
Leave that man, oh

You are everything to me, girl  
You are all God's charity now  
You are everything good in my life

And if I should lose my balance  
You keep me down with gravity now  
Everything's upside down

Oh this lifeboats leaving soon, girl  
When I say I'm gone I mean forever  
All things I had, all the things we did, did together

Baby leave that man  
Baby leave that man  
Baby leave that man

Baby leave that man  
Baby leave that man  
Baby leave that man

Baby leave  
Baby leave  
Baby leave  
Baby leave

Baby leave that man  
Baby leave that man  
Baby leave that man
