Hey, hey love

Looking back on everything I've done  
I never thought I'd find the one  
To share the dreams that only I had seen  
Locked in the deepest part of me  
(Hey, hey love)

I took a chance to lay it on the line  
There was nothing left to hide behind  
If you never love then you may never lose  
And I hope I'll always be with you  
Now I'm screaming

Hey love, won't you leave your touch  
On this heart that's broken  
I can't breathe when you're not here  
Hey love, won't you lift me up  
On the wings that fly higher  
Than the stars that shine above

Hey, hey love

Thinking back on everything we've done  
We watched the waves drown the sun  
We shared a dream that both us had seen  
We made it our reality  
(Hey, hey love)

We found a way to stand the test of time

All of our doubts were left behind  
If you never love then you may never lose  
And I hope I'll always be with you  
Now I'm screaming

Hey love, won't you leave your touch  
On this heart that's broken  
I can't breathe when you're not here  
Hey love, won't you lift me up  
On the wings that fly higher  
Than the stars that shine above

If darkness should fall upon our hearts  
Remember the dreams from the start

Hey love, won't you leave your touch  
On this heart that's broken  
I can't breathe when you're not here  
Hey love, won't you lift me up  
On the wings that fly higher  
Than the stars that shine above

Hey love, won't you leave your touch  
(Hey, hey love)  
On this heart, on this heart, on this heart  
I can't breathe when you're not here  
(Hey, hey love)

Hey love, won't you lift me up  
(Hey, hey love)  
On your wings, on your wings, on your wings
