## "In Closing"

Step back inside the lie again, you'll find you're  
Wearing thin  
Killing the sympathy as you take another swing  
At me now  
Fighting your inner self again, losing what  
You feel  
Shielded behind the lies that make you feel real  
Now

It's over and i don't feel a thing but you're  
Trying to break the scar again your spirit is  
Bleeding as you grin but your bridge keeps on  
Burning at both ends

In your mind, the ending seems to be so far from

What you need  
Take back the memories as you smile to hide the  
Pain from me now  
Shut down the curiosity that brings you here  
Again  
No sense of purity as you try to take the life  
From me now

Nothing that you ever say could ever possibly  
Erase  
All the hateful things you did and now i'm  
Through with you nothing you could ever say

Nothing you could ever say  
Hope you're happy now
