"This Dark Day"

I'm flushing the pills, I've lost all my will
This has been haunting me way too long
And I can't rewind, I'm the suffering kind
I've been abusing way too long
I'm breaking, suffocating

I'll close my eyes and I'll drift away
I'll make it through my darkest day
And I'll sing this song at the top of my lungs
Until this dark day is done

Now I'm trapped in the wake of all my mistakes
I've been under for way too long
I sit and I shake, my heart starts to race
The poison lingers in my veins
I'm fading, suffocating

I'll close my eyes and I'll drift away
I'll make it through my darkest day

And I'll sing this song at the top of my lungs
Until this dark day is done

You said I'd never change
You said I'd never had the strength
To break away

But now I've changed
It's time to turn the page
And walk away

It's time to walk away
It's time to walk away

I'll open my eyes and I'll stay awake
I made it through my darkest day
And I'll sing this song at the top of my lungs
Now that this dark day is done

I'll open my eyes and I'll stay awake
I made it through my darkest day
And I'll sing this song at the top of my lungs

Now that this dark day is done
Now that this dark day is done
