

## 7 Seconds "Aggro"

Got that crazy feeling  
Scared you don't know why  
Head is spinning faster  
Haze is in your eyes

And now you take a deep breath  
Wipe sweat off your face  
Your head and heart keep pounding  
Sets a frenzied pace

Now the wall gets stronger  
Bodies hitting hard  
Air is thick and heavy  
No room left to breathe  
Now you feel the tension  
Eyes are open wide  
Nothing like this feeling  
Aggression deep inside

Buzz is in your head now  
Bones that start to ache  
Got that natural energy  
No more mental state now  
Something you can't fake
