Tryin' to fucking change my mind, just won't work - No way!

I don't want your stagnant rules, they're for the fools - Not me!

Total anti-government is all I plan to be

No self-proclaimed authority will put their claim to me

[Chorus]

No authority! Nobody's fool patsy

No authority! I just wanna be -

Ain't a commie, fuck the Nazis, belong to no one's club

No fucking war in any way could make me grab a gun

All I wanna do is just be what I wanna be

But I can't see no future in this lame authority

[Chorus x2]

Me!
