Do you think that all blacks are niggers?
Ignorance is an attitude
You wallow in your racist stupor
Have you really stopped to think?
Do you believe in the K.K.K., do you think White Power
rules today?
Would you like to shoot a white man dead, would you
like to bust
a black man's head - No way!

In England there's the National Front, headstrong
bunch, these fuckin' cunts
With Webster as their figurehead, they liberate Hitler
as he lies dead
They think they're so bloody tough, paki-bashing ain't
enough
Martin Webster like the K.K.K., map out all the plans his
own way

[Chorus:]
Racism sucks [x6]
Racism fucking sucks!

Some black folks call the white race scum, cos they
think we are the only ones
Who only live in prejudice, while a lot of blacks live just
the same
Do you really judge a man, by the color of his skin
You got the color, you got no right, to fuck up
everybody else's life

[Chorus]

Kill, kill the K.K.K. Destroy Martin Webster!
Kill, kill the K.K.K. Destroy Ronald Reagan!
