"Trust"

by 7Seconds

from "The Crew"

Hey now I've this feeling

That I've never felt before,

I know it ain't cool to say this now.

But I can't help the way I feel inside.

Around you I can be the way I am,

Be happy, pissed or sad.

But the things I always think about

Are the feelings we have shared.

Chorus: 'Cos when we are together there is something

That I have with you, trust!

And as we're growin' closer I can feel it

Flowing out from you, trust!

Look now, we can share emotion

Something that we both thought was just too tough,

Aggression, love and honesty,

There could never be enough.

All I wanna do is just let you know that I care,

And when things get too hard for you,

Look back and I'll be there.

(Chorus)

You inspire me intensely

Without any doubt

You keep me thinking, help me try,

Show that I can do without,

With you there's more foundation,

More than any other time,

And when it comes to you my heart is true,

Until the day I die.
