We're gonna fight
We know who's right
(Not them)
Time to unite
We're having are say
(Me and you)
With a ?
They don't ask squat
(Dumb fools)
You stand up tall
The futures ours
(No rules)

[Chorus]

Me and you
We're gonna fight the narrow minds
Make are own rules
Live your life at all

Live six long years
And a thousand strong
(That's right)
We're not dumb
We're oh we're
(Going)
Angry kids
With a million rules
(That's cool)
We got are dreams
And we got are hopes
(You know)

Me and you
We're gonna fight the narrow minds
Make are own rules
Live your life at all
Live life
Me and you
We're gonna fight the narrow minds
Make are own rules
Live your life at all

Live
Me and you
We're gonna fight the narrow minds
Make are own rules
Live your life at all
Live life
Life
My life
Mine
I live mine
Mine

YEAAHH!
We're Gonna Fight
Whoahoahoa [x10]

[Alternating in background on 3rd and 4th time:]
Fight [x15]
Fight [x13] For what is right!

We're gonna fight
We're gonna fight
We're gonna
Right?
Huh?
YEAAHH!

We're Gonna Fight
Whoahoahoa [x4]
