Forget what I just said to you - it's meaningless,
make like i'm not even here - i'm sure you can,
like something that you might have dreamt - a secret
kept,
i'd rather not get you upset

i just keep adding to your frustration - oh-oh-oh-oh-oh,
no wonder why you have your reservations - oh-oh-oh-
oh-oh,

and i have no excuse for my ways - i never have,
i could blame it on growing up wrong - like everyone,
i could say that this like isn't fair - ridiculous,
i could play on the fact that you care

i just keep adding to your frustration - oh-oh-oh-oh-oh,
no wonder why you have your reservations - oh-oh-oh-
oh-oh,

Forget what I just said to you - it's meaningless,
make like i'm not even here - i'm sure you can,
like something that you might have dreamt - a secret
kept,
i'd rather not get you upset

i just keep adding to your frustration - oh-oh-oh-oh-oh,
no wonder why you have your reservations - oh-oh-oh-
oh-oh,

i just keep adding to your frustration - oh-oh-oh-oh-oh,
no wonder why you have your reservations - oh-oh-oh-
oh-oh,
