Taste of morning sunrise  
Brings joy to my eyes  
To wake up and see the bluebirds  
Flying high up in the sky  
And to know You are the One  
That makes raindrops with the sun  
And to know You're the King  
That brings the joy inside of me

#### Chorus

Give You the honor  
Give You the praise  
Forever and ever  
I will lift up Your name

#### Bridge

Your name is the name we shall be hold  
Your name is the only name I know  
Your name is the sweetest name I, sweetest name I  
know  
Your name... Your name...
