

Curtis Peoples "Just Another"

Visit "[Just Another](#)" on [MotoLyrics.com](#)

It's been four days since I met your name.
Not a moment that forgets you.
Some moments never last.
When you're falling fast and the end will come too soon.

And this is all I feel
You've ever wanted
So I'll give you what you need
Whether this is love or a fling
Whether this goes down or you have to leave
Let's just forget the technicalities
Let's just let it be, oh no.
Let's just let it be, right now!

Right it off for sex
Rebound of that effect
Call it what you want to
Won't slow me down a sec

Go in somehow we live
Just when

And this is all I feel
You've ever wanted
So I'll give you what you need

Whether this is love or a fling
Whether this goes down or you have to leave
Let's just forget the technicalities
Let's just let it be, oh no.
Let's just let it be, right now!

Oh oh... If gotta scream and shout
Do it now, baby
Get it over, get it out.
Oh, oh, coz I'm not to about to deal with tears.
I'm all dramad out

And this is all I feel
All you feel you've ever wanted
So let's just make it real

Whether this is love or a fling
Whether this goes down or you have to leave
Let's just forget the technicalities
Let's just let it be, oh no.
Let's just let it be, right now!
