Hours before this, she was alone with
The very worst side of me
She should left here while I was sleeping
But laid down next to me
I'm not the one, I'm not the one
Who's gonna save her now
I'm not the one, I'm not the one for her

Tell me I'm wrong, tell me I'm wrong
But I think there's somewhere better that she belongs
My love must leave me
It was because we were in love
But there's more out there for her than the both of us
My love must leave me

Tell, tell, tell me
Tell, tell, tell me
Tell, tell, tell me I'm wrong

She wouldn't listen, told me the distance
Would make us fall apart
But what is the difference, if she could stay here
She'd let me break her heart
I'm not the one, I'm not the one
She should be saving now
I'm not the one, I'm not the one for her

Tell me I'm wrong, tell me I'm wrong
But I think there's somewhere better that she belongs
My love must leave me
It was because we were in love
But there's more out there for her than the both of us
My love must leave me

Tell, tell, tell me
Tell, tell, tell me
Tell, tell, tell me I'm wrong

I'm not the one, I'm not the one
Who's gonna save her now
I'm not the one, I'm not the one for her

Tell me I'm wrong, tell me I'm wrong
But I think there's somewhere better that she belongs
My love must leave me
It was because we were in love
But there's more out there for her than the both of us
My love must leave me

Tell me I'm wrong, tell me I'm wrong
But I think there's somewhere better that she belongs
My love must leave me
It was because we were in love
But there's more out there for her than the both of us
My love must leave me

Oh, my love must leave me (tell, tell, tell me)
My love love must leave me (tell, tell, tell me)
Yeah, my love must leave me (tell, tell, tell me)
Oh, my love must leave me, yeah

I'm not the one, I'm not the one
I'm not the one, I'm not the one
I'm not the one, I'm not the one
(must leave me, yeah)
I'm not the one, I'm not the one
I'm not the one, I'm not the one
I'm not the one, I'm not the one
