It's been a while since we met
I'll never forget your words of regret
How you told me you'd clean up this mess
Nowadays I just couldn't care less

The truth hurt and I was about to break
But I take my time and learn from this mistake
We go way back, but it didn't seem to mean shit
A living hell to heal wounds this deep

Advices from you I'll never need
Never trusted your words, I believe what I see
I don't feel the need to run, nor will I hide
You will never take away my pride

You will never see me falling
That easily I won't be going down
I'm here standing on my own feet
Choke me all you can but I will break free

YOU CAN'T FOOL ME
YOU CAN'T BREAK ME
YOU CAN'T CHANGE ME
TO YOU I am INVISIBLE

As you fall into a trap you've set for yourself
I'm standing tall and strong, knowing I did nothing
wrong
Your efforts turn into despair, still you ask for more
You might win a battle but you'll never win the war
