Wooo  
Yeah baby  
That's right now  
C'mon  
Here we go!  
Alright now  
I I I I...  
I I I I...

Well Bobbi's been a friend since i cant remember when  
We all went together to school  
A linebacker, a quarterback sacker  
Yeahhh Bobbi he's as strong as a mule  
So imagine our shock  
'Bout ten o'clock down at the Whistle Stop one weekend  
Yeah the whole place stopped  
You coulda heard a chin drop  
The minute he walked in  
Cuz it was Bobbi with an I

{Chorus}

He isnt just one of the guys  
In his pink party dress  
You never would guess  
He benches 335  
You better watch how much you drink  
He might look better than you think  
If it's the big-boned girl with a platinum curl  
Hey then don't be surprised  
Yeah that's just Bobbi with an  
I I I I...  
I I I I...

Now Monday mornin' he'll be be drivin' that tow truck  
And he ain't takin' no lip  
He's been known to knock a few teeth out  
If you ask him for a beauty tip

So we live and let live  
That's how it is nobody gives a second thought these  
days

But if somebody hollers  
"Hey there's a chick in the men's room!"  
We just smile and say  
No that's just Bobbi with an I

{Chorus}

He isnt just one of the guys  
In his pink party dress  
You never would guess  
He benches 335  
You better watch how much you drink  
He might look better than you think  
If it's the big-boned girl with a platinum curl  
Hey then don't be surprised  
Yeah that's just Bobbi with an

Hey (Hey) Who's that girl (Who's that girl) with those  
shapely sexy thighs?  
That's just Bobbi with an I

{Chorus}

He isnt just one of the guys  
In his pink party dress  
You never would guess  
He benches 335  
You better watch how much you drink  
He might look better than you think  
If it's the big-boned girl with a platinum curl  
Hey then don't be surprised  
Yeah that's just Bobbi with an  
I I I I...  
I I I I...
