Not a worry in the world A crazy boy and pretty girl Man, life was simple then Nothin' that we had to do And no one to answer to 'Til reality stepped in

We're growing up We've changed so much

I miss the innocence, the way it used to be The way that we outran the world 'til it caught you and me

I miss the way it was, the way we used to laugh The way it felt to fall in love when dreams were all we had

Days like this, I miss the innocence

Another morning, here I am
Between a deadline and traffic jam
And cursing all the signs
We didn't talk before I left
We're always busy doing something else
And lately that's been on my mind

We're always rushed And there's no time for us

I miss the innocence, the way it used to be The way that we outran the world 'til it caught you and me

I miss the way it was, the way we used to laugh The way it felt to fall in love when dreams were all we had

Days like this, I miss the innocence, oh yeah

I miss the innocence, the way it used to be The way that we outran the world 'til it caught you and me

I miss the way it was, the way we used to laugh The way it felt to fall in love when dreams were all we had Days like this, days like this I miss the innocence, oh

Well, I miss the innocence Ooh yeah
