Good morning baby here's your coffee
The world is waiting on us
We're always running it's always something
It's work work work and no love

You know I never get you all to myself
So honey I'm begging you please
Save tonight for me

You know how much I miss ya
I can't wait to kiss ya
So many things that I wanna do
You know how much I need you
I just wanna please you
I spend all day just dreaming of you

Save tonight for me
save tonight
save tonight
save tonight for me

save tonight
save tonight
save tonight for me

I've got the music I called the moon
He's gonna talk to the stars
There's not a dress code
No not for this show
Baby just come as you are

Two hearts dancing wild and free
In a lovers symphony
Save tonight for me

You know how much I miss ya
I can't wait to kiss ya
So many things that I wanna do
You know how much I need you
I just wanna please you
I spend all day just dreaming of you

Save tonight for me
save tonight
save tonight
save tonight for me

save tonight
save tonight
save tonight for me

Let down your troubles
And take off your worries
And turn out the lights
And save tonite for me

Mmmm mmmm yeah save tonite for me
You make me want you all day long baby
Save tonite for me

save tonight
save tonight
save tonight for me

save tonight
save tonight
save tonight for me

save tonight
save tonight
save tonight for me
woohoo

save tonight
save tonight
save tonight for meeee yeah
