### "Lay You Down"

Some days will lift you up  
Some days will bring you down  
Sometimes I need you  
Sometimes I don't want you around  
I will wait but just for a little while

There's a silent promise  
in your eyes  
There's a growing tension  
that I cannot disguise  
How did we get lost among so many lies?

And I've got to lay you got to lay you down  
If not forever then just a little while

This memory brings something unreal  
One of my favourite things  
is to deny how I feel  
You were as soft as silk  
But you cut me like steel
