Razorblades on my tongue
Listen closely it has begun
Watch the rain come falling down
If you knew what I was thinking
You might be stunned

Lift me up don't push me down
Walk the wire don't sit around
Feel the rain come falling down
If you knew what I was thinking
You might be stunned

Give me one good reason
Why I should be breathing in and breathing out again
Cause I'm down here dying and there's no use lying

When you're so damn close to the truth
Give me one good reason
Why I should be breathing in and breathing out again

Hours pass and I'm left alone
Squeezing blood from this old stone
Stop the rain from falling down
If you knew what I was doing
You might be stunned

I know I don't deserve your love
But I've never been ashamed to be myself
And I don't know if I'm doing well
I never can tell when I was hurt
