"Run"

Don't try and understand this, some things are better
left unknown
There's nothing left to complicate this, sometimes
we're better left alone
The only thing I ever wanted from you, something you
don't have
The only thing I ever needed from you, something you
can't give

You chopped me up on the inside, you pushed me
further down the downside
Further down the spiral last slide, still I cannot leave
you behind

I'm never gonna free myself from you, I'm never gonna
be completely true
I'm never gonna do this on my own, I'm never gonna
walk unless I run

Promise that we'd never fake this, I guess that
sometimes we forget
A tragedy is all that makes us, it seems that some
things can't be learned
The only thing I ever wanted from you, something you
don't have
The only thing I ever needed from you, something you
can't give

You chopped me up on the inside; you pushed me
further down the downside
Further down the spiral last slide, still I cannot leave
you behind

I'm never gonna free myself from you, I'm never gonna
be completely true
I'm never gonna do this on my own, I'm never gonna
walk unless I run

Don't you hurt yourself, just to get back to me
Don't you fool yourself, it's not me you need

I'm never gonna walk unless I run
I'm never gonna walk unless I run
I'm never gonna walk unless I run
I'm never gonna walk unless I run

You chopped me up on the inside, you pushed me
further down the downside
Further down the spiral last slide, still I cannot leave
you behind

I'm never gonna free myself from you, I'm never gonna
be completely true
I'm never gonna do this on my own, I'm never gonna
walk unless I run
