She says she's not perfect
She says she isn't wonderful
He says he knows that she's not perfect
But she does something strange to his soul

He doesn't know how, he doesn't know why
He doesn't know if he'll ever get by

She says she is no angel
For what she done to him she might as well be
She says he is in danger of pushing her away
irrevocably

Maybe I'm just a little sentimental baby
Gotta find a girl just as crazy
And we'll be alright in the end

She says he has lost his mind
He nods and smiles in recognition
Sometime, somewhere he's heard this all before
It may be true by repetition
