Now I have never been afraid to be a little careless
Until now nothing from the heart
Could be completely reckless
And I feel, feel a little fragile feel a little broken
I remember all the little things that remain unspoken

Hold on to this moment now
Keep it safe inside
Don't you let it get away
It'll give you peace of mind
Hold on to this moment now
Keep it safe inside

And I never thought that I'd need you around
And I never thought that you'd try break me down

Hold on just a minute now
Don't forget to smile
If they ever come around
Remember you're on trial
Hold on just a minute now
Don't forget to smile
