there is a secret feeling  
what4s right or wrong  
so deep inside concealing  
it4s going on

in every situation  
just be the best  
with all determination  
go! beat the rest

one hundred ways to follow  
one hundred ways of sorrow  
one hundred ways to live  
one hundred things to give

just geth the key to freedom  
open the door  
there4ll be a promised kingdom  
we4re standing for

that4s how the world is turning  
a million days  
so keep the fire burning  
one hundred ways

one hundred ways to follow  
one hundred ways of sorrow  
one hundred ways to live  
one hundred things to give
